

Bio-Scrub

Antiseptic Hand Sanitizer with Aloe

Bio-Scrub was developed to provide quick, convenient sanitizing of the hands between washings. It evaporates quickly leaving no residual fragrance. The hands feel soft, soothed and refreshed without the normal drying effect. The product is non-toxic and leaves no harmful or sticky residues.

Acceptable for use in Canadian food plants.

Recommendations

Apply directly to the skin.
 Rub thoroughly into the skin until dry.
 No further rinsing or drying necessary.
 If excess is applied, simply wipe off with clean cloth or towel.

Excellent for Airline Flight Attendants, Bank Tellers, Restaurant Waitresses, anywhere public contact is prevalent and where the consistent exchange of people items is common – change, hand shakes, telephones, door knobs, etc.

Use/Benefits

Sanitizes hands between washings.
 Evaporates completely, preventing any bacterial mutation.
 Non-toxic – leaves the hands soft and smooth with no harmful or sticky residue.
 Convenient and easy to use.
